19" Pandora Free Standing Cabinets

Pandora Series Free Standing Networking enclosures/cabinets, designed for flat-packed shipments for superior logistics advantages and cost savings. Pandora has Fast, Easy Assembly process with reusable packaging to save costs.

Pandora Series provides superior load performance tested to 1200 kg load rating which exceeds standard requirements. Lande declares Nominal load capacity of 1000 kgs. Therefore, Pandora series can carry heavy telecom equipment, UPS and batteries besides standard network equipment such as switches, patch panels and cables.

Pandora Series are being manufactured in W600/800 mm width, D:600/800/1000/1200 mm depths and 8 heights from 16U to 47U to provide solutions for all requirements, The product range fits in to different environments with RAL 9005 Black or RAL 7035 Light Grey fine wrinkle paint.

Pandora Series have high corrosion resistance with nano technology pre-treatment, Bonderite/Henkel chemicals, and 80-120 micron thick epoxy powder coating for 500+ hours of salt spray test performance.

Pandora Series have a different concept of supply, all parts of Pandora Free Standing Cabinets are packed in slim flat pack box, front and rear doors are packed separately which allows flexibility in terms of front and rear door selection.

Front door has tinted smoke tempered safety glass front door with aesthetic and professional appearance with keyed swing handle lock, optional 63% perforated Mesh door.

Large stock holding portfolio, 2 box flat packed delivery including one set: 4 pieces of 19" adjustable equipment mounting rails and 4 pcs M10 adjustable levelling feet.

Pandora Series offers a variety range of accessories to compliment the cabinets and meets the requirements of the majority of applications.

External hinge system allows up to 180 degrees of door opening angle. The front door opening direction is swappable from left to right or right to left.

19" Pandora Free Standing Cabinets

Construction Details:

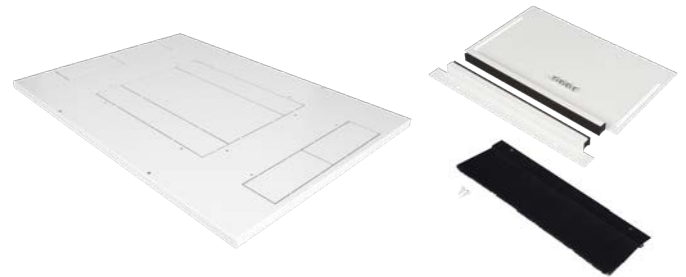

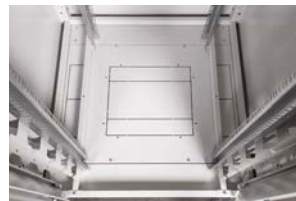

Innovation by the Lande design team has provided the Pandora Free Standing Cabinet the first 19" enclosure / cabinet made of closed steel tube profile system.

Closed steel tube profile system provides a very strong/ sturdy design, designed as a flat pack. This unique design provides 3 times more than **conventional** flat packing quantity in transport vehicle, which provides large savings in Freight and Storage.

Adjustable levelling feet M10 PVC, optional castor set is offered as accessory.

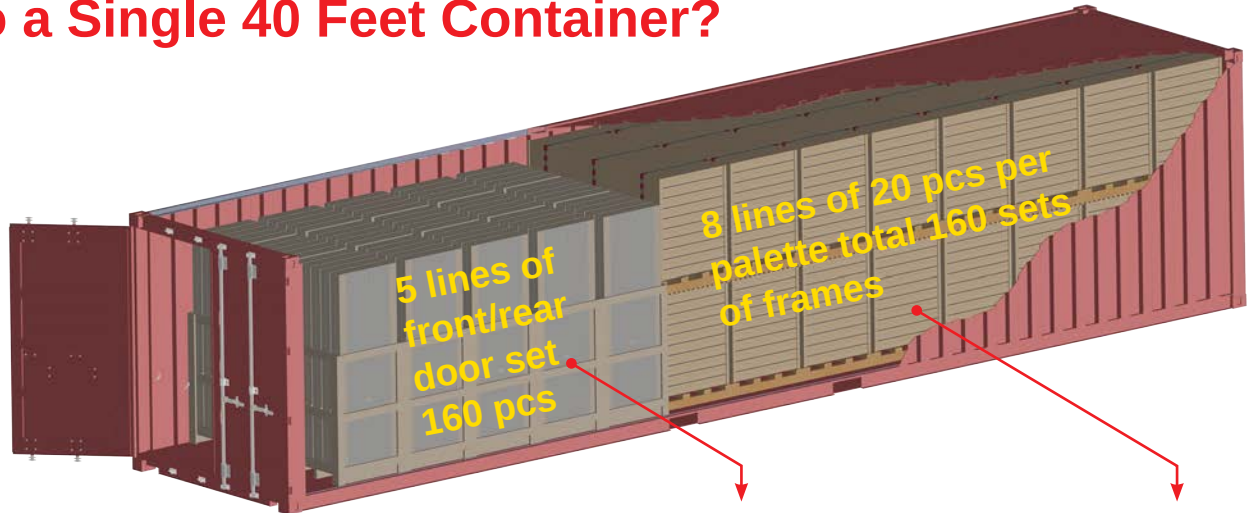

The base of the cabinet is fully open for large cable bundle access. Offered as an accessory pre-punched knock-out plate is available. The pre-punched knock-outs can be broken in partition whilst allowing cable entry as per cable density. Options for brush and or sliding cable entry panels which provides improved cable management and more protection against dust.

Vertical cable management panels for W800 mm width Cabinets, full height of cabinet offered as accessory.
